A 3D scatter plot showing the distribution of 100,000 random points in a 3D space. The points are colored by their distance from the origin, with a color bar on the right ranging from 0 (blue) to 1/2 (red). The points are concentrated in a shell around the origin, with a density of 25,277,584 at the center.

Category	15-24	25-64	65+
